The institution or programme motivate at her request why is chosen for a new name and if this new name matches the content of the programme. At only a translation of the name a written request (letter) is sufficient. The name change should not lead to another classification of the programme in the governmental register for higher education programmes (in Dutch: Centraal Register Opleidingen Hoger Onderwijs - CROHO). If this is the case, there is a reordering and the Commissie Doelmatigheid Hoger Onderwijs (CDHO) must give an advice to the Minister of Education, Culture and Science.

The NVAO treats the request for a name change within three months, depending on the advice of any external expert. When the content of the programme change not substantially and the proposed name is in line with that which is customary in the sector or visitation group NVAO will decide on the basis of the application dossier and desk research. If there is a change in the programme NVAO asks external experts for a site visit and an advisory report.

RATES

In 2024, the rate of the NVAO for interim advice on changing the name of a programme is EUR 1.000. For a name change during a regular accreditation procedure, no fee is calculated.
